

## Hydrogen Power Study Task Force Meeting #4 Tuesday, October 11, 2022 (10:00 a.m. – 12:00 p.m. ET)

### About the Hydrogen Task Force

With the passage of Special Act 22-8, the Hydrogen Task Force was created to study hydrogen-fueled energy in the State's economy and energy infrastructure. By January 15, 2023, the Hydrogen Task Force shall submit a report on its findings and recommendations to the joint standing committee of the General Assembly. The Task Force is supported by activity from five (5) Working Groups – Policy and Workforce Development, Funding, Sources, Uses, and Infrastructure.

The Task Force and the Working Group meetings are open to the public and all parties who are interested are welcome to participate and contribute to a just clean energy transition. You can find a schedule of Task Force and Working Group activities [online](#).

### About Task Force Meeting #4

The final agenda will be available on [this webpage](#) at least 24 hours prior to the meeting. Topics for discussion will include:

- Task Force Updates and New Member Introductions
- Fireside Chat on Equity and Community Engagement with Bridgeport
- Hydrogen Safety: Presentation by Sandia National Lab
- Updates on Working Group Progress
- Public Comments
