C-PACE (Commercial Property Assessed Clean Energy) is an innovative program that makes green energy more accessible and affordable. Thanks to pacesetters – the building owners, contractors and other stakeholders who are using the program to accelerate the green energy movement – Connecticut’s C-PACE program has seen growing investment, enabled diverse energy saving improvements, and has made a significant impact on the community. This quarterly dashboard tracks these measures:

INVESTMENT

Closed Projects: The cumulative number of funded projects are increasing every quarter as more building owners take action to reduce their energy costs and increase NOI.

C-PACE is Growing: The total amount of project financing continues to grow as more energy saving projects are closed.
