C-PACE (Commercial Property Assessed Clean Energy) is an innovative program that makes green energy more accessible and affordable. Thanks to pacesetters - the building owners, contractors and other stakeholders who are using the program to accelerate the green energy movement - Connecticut's C-PACE program has seen growing investment, enabled diverse energy saving improvements, and has made a significant impact on the community. This guarterly dashboard tracks these measures:

boiler replacements to solar C-PACE works for any upgrade that reduces energy costs.

All Shapes of Properties

From manufacturing facilities to YMCAs all commercial properties are eligible to use C-PACE for an energy saving project.
