

REQUEST FOR PROPOSALS FOR WEBSITE AUDIT & REDESIGN SERVICES

I. PURPOSE

The Connecticut Green Bank (“Green Bank”) seeks proposals from individuals or entities (“Contractor”) to conduct an audit of their website (www.ctgreenbank.com) and create a plan for site redesign.

II. GREEN BANK BACKGROUND

The Green Bank was established by the Connecticut General Assembly in 2011. As the nation’s first green bank, the Green Bank leads the clean energy finance movement by leveraging public and private funds to scale-up renewable energy deployment and energy efficiency projects across Connecticut. The Green Bank’s success in accelerating private investment in clean energy is helping Connecticut create jobs, increase economic prosperity, promote energy security and address climate change. In 2017, the Connecticut Green Bank received the Innovations in American Government Award from the Harvard Kennedy School Ash Center for Democratic Governance and innovation for their “Sparking the Green Bank Movement” entry. In 2020, the Green Bank surpassed \$2 billion of total investment.

Green Bank develops and administers various financing programs for energy efficiency and renewable energy projects for residential, commercial, industrial and institutional customers in Connecticut. These projects include, but are not limited to, energy upgrades such as weatherization, efficient lighting, appliances, HVAC systems, fuel conversion, solar photovoltaic and hot water systems. In addition, Green Bank engages with banks, credit unions and other capital providers to attract private financing and investment to help support its programs. For more information about the Connecticut Green Bank, please visit www.ctgreenbank.com.

III. PROJECT BACKGROUND

The Green Bank launched its current website (www.ctgreenbank.com) as part of a full brand relaunch in 2015.

The Green Bank’s messaging and the hierarchy of its brand and product offerings has evolved since the original site launch, however, the site has not been redesigned or significantly updated. The Green Bank has adapted the original website to support the addition of new products and services (or has established satellite web properties to promote these initiatives) but has not made material changes to the site’s navigation, appearance or functionality. Broadly categorized, the Green Bank serves homes, buildings, investors, and channel partners, while also providing general and governance information. More specifically, the current website serves many functions and audiences, including:

- The Green Bank staff and its Board of Directors (serving as a repository for meeting materials and documents required to appear for State auditing purposes);
- Retail consumers seeking residential loan products (Smart-E) including identifying contractors and lenders, electric vehicle information, information on going solar (solar information is contained on another Green Bank owned web property at www.gosolarct.com), and information on investment opportunities (contained on a separate website at www.greenlibertybonds.com or www.ctgreenbankbonds.com);
- Multifamily property owners;

- Commercial and industrial building owners (information for one of the products available to these consumers is contained as part of a separate Green Bank owned web property at www.cpace.com);
- Contractors serving residential and commercial through Green Bank programs;
- Municipal leaders and town sustainability committees;
- Investors and capital providers seeking opportunities to partner with the Green Bank or lend within their programs;
- People interested in the Green Bank mission, careers, reports, studies, and impact such as policy makers and state officials, students, and researchers, etc.; and
- Media and those interested in news, events, or webinars.

The Green Bank has set up multiple satellite web properties to accomplish specific goals, promote individual programs, or support campaigns and initiatives.

These properties include:

- www.cpace.com
- www.gosolarct.com
- www.chargeupctbuildings.com
- www.cpaceoffers.com
- www.greenbondsus.com
- www.greenlibertybonds.com or www.ctgreenbankbonds.com
- www.ctsolarscoreboard.com

Through this website analysis and redesign process we are hoping to accomplish the following goals:

1. The creation of a functional, updated look-feel for the site that allows us to tell the Green Bank story (past, current, and future) through content relevant to the audiences identified above and in a manner that aligns with revised brand hierarchy. The site also needs to be adaptable to future short-and long-term changes to programmatic and mission goals.
2. Assessment of audiences/end-use customers to improve organization of content and site navigation.
3. Greater integration of the site with existing tools/forms (including Pardot and Salesforce).
4. Creation of page templates that meet the needs of the Marketing team for campaigns and other types of information and allows the Green Bank to adapt website to changing initiatives, audiences, or programs and product offerings.
5. Replication and improvement of tools and functionalities (find a contractor tool, event calendar, contact forms, etc.)
6. Consolidation of multiple web properties and / or to provide seamless integration and user experience with external properties.

IV. SCOPE OF SERVICES

The selected contractor will be tasked with:

- Assessing the current site, evaluating site goals and audiences served;
- Seeking feedback from Green Bank senior leaders, the marketing team and program teams, and external stakeholders;
- Consulting/guiding on the development of the website's overall strategy; and
- Providing recommendations for updates to the site's strategy and its redesign.

Phase 1: Discovery

We are open to proposals that offer alternatives, variations, and additions to the items outlined below; consider the outline below as a suggested approach and our vision of the bare minimum of tasks required.

1. Conduct an audit of current site content and review site analytics (Google Analytics) to better understand current traffic patterns and site exit points.
2. Review websites of similar entities (green banks, state energy efficiency websites, capital providers / lenders, etc.) to understand how comparable organizations are using their sites and engaging audiences.
 - a. An initial list of comparable entities / sites will be supplied by the Green Bank, but the Contractor should expand upon this list.
3. Design and conduct a discovery process (in collaboration with the Green Bank marketing team), using, as appropriate, a combination of interviews, small focus groups, and surveys. Questions asked should focus on site expectations, functionality, and usability.
4. Compile results and key takeaways and present findings to marketing team.

Phase 2: Strategic Site Redesign Plan

We are open to proposals that offer alternatives, variations, and additions to the items outlined below; consider the outline below as a suggested approach and our vision of the bare minimum of tasks required.

1. Based on Phase 1, in collaboration with the Green Bank marketing team, contractor will:
 - a. Establish key and secondary objectives
 - b. Identify primary, secondary and tertiary audiences
 - c. Identify target audiences desired experiences
2. Develop new website organizational content maps to support objectives and audiences. Provide three (3) options for look/feel and layout designs.
3. Identify overarching design goals and functionality (features) with consideration of objectives and of each key audience, and recommend tools to facilitate consumer engagement.

4. Create wireframes for homepage, key content areas and/or pages, and templates that help to illustrate the strategy recommendations.
5. Prepare and present recommendations for a website strategic redesign to Green Bank marketing team, including,
 - a. Recommendations on success measurement tracking,
 - b. Recommendations on SEO best practices to ensure content discoverability,
 - c. Recommendations on future integration of main Green Bank and subsites.
6. Present final recommendations to broader stakeholder group to review the redesign and revised site focus/expectations. We suggest the presentation of recommendations should offer “good, better, best” options and scenarios with associated scope and costs.

Phase 3: Strategic Redesign Implementation Support

We anticipate the need to release a second Request for Proposals seeking vendors to implement recommendations and build the new site, help with content creation, graphics/photography and copy writing. We understand that vendors will have different strengths and capacities, so the vendor selected through this RFP does not have to be the one that builds the site. However, the vendor selected through this RFP should be available to assist and provide guidance to the implementation vendor, which may include:

- Support in conducting a solicitation process / RFP to identify the implementation vendor;
- Onboarding/meetings with implementation vendor;
- Creation and/or review of new site copy and supporting graphics/photography;
- Review of home page and key page templates; and
- Review of user experience and key functionality.
- Coordinating with other Green Bank vendors (e.g., digital media vendor) to support continuity between implementation process and other Green Bank initiatives.

(1) The contractor agrees and warrants that in the performance of the contract such contractor will not discriminate or permit discrimination against any person or group of persons on the grounds of race, color, religious creed, age, marital status, national origin, ancestry, sex, mental retardation, mental disability or physical disability, including, but not limited to, blindness, unless it is shown by such contractor that such disability prevents performance of the work involved, in any manner prohibited by the laws of the United States or of the state of Connecticut; and the contractor further agrees to take affirmative action to insure that applicants with job-related qualifications are employed and that employees are treated when employed without regard to their race, color, religious creed, age, marital status, national origin, ancestry, sex, mental retardation, mental disability or physical disability, including, but not limited to, blindness, unless it is shown by such contractor that such disability prevents performance of the work involved;

employees and applicants for employment;

(4) The contractor agrees to comply with each provision of this section and sections 46a-68e and 46a-68f and with each regulation or relevant order issued by said commission pursuant to sections 46a-56, 46a-68e and 46a-68f; and

(5) The contractor agrees to provide the Commission on Human Rights and Opportunities with such information requested by the commission, and permit access to pertinent books, records and accounts, concerning the employment practices and procedures of the contractor as relate to the provisions of this section and section 46a-56.”

Conn. Gen. Stat. § 4a-60a(a):

“Every contract to which the state or any political subdivision of the state other than a municipality is a party shall contain the following provisions:

(1) The contractor agrees and warrants that in the performance of the contract such contractor will not discriminate or permit discrimination against any person or group of persons on the grounds of sexual orientation, in any manner prohibited by the laws of the United States or of the state of Connecticut, and that employees are treated when employed without regard to their sexual orientation;

(2) The contractor agrees to provide each labor union or representative of workers with which such contractor has a collective bargaining agreement or other contract or understanding and each vendor with which such contractor has a contract or understanding, a notice to be provided by the Commission on Human Rights and Opportunities advising the labor union or workers' representative of the contractor's commitments under this section, and to post copies of the notice in conspicuous places available to employees and applicants for employment;

(3) The contractor agrees to comply with each provision of this section and with each regulation or relevant order issued by said commission pursuant to section 46a-56; and

(4) The contractor agrees to provide the Commission on Human Rights and Opportunities with such information requested by the commission, and permit access to pertinent books, records and accounts, concerning the employment practices and procedures of the contractor which relate to the provisions of this section and section 46a-56.”

Nondiscrimination Certification. Consultant represents and warrants that, prior to entering into this Agreement, Consultant has provided Green Bank with documentation evidencing Consultant's support of the nondiscrimination agreements and warranties of the statutory nondiscrimination sections, above. A

form of the Nondiscrimination Certification to be signed by the Consultant is attached.

Campaign Contribution Restrictions. For all state contracts, as defined in Conn. Gen. Stat. § 9-612(g)(1)(C), having a value in a calendar year of \$50,000 or more or a combination or series of such agreements or contracts having a value of \$100,000 or more, the authorized signatory to this Agreement expressly acknowledges receipt of the State Elections Enforcement Commission's notice advising state contractors of state campaign contribution and solicitation prohibitions, and will inform its principals of the contents of the notice. See <http://www.ct.gov/dpw/lib/dpw/Form11SEEC.pdf>.

Occupational Safety and Health Act Compliance. Consultant certifies it (1) has not been cited for three or more willful or serious violations of any occupational safety and health act or of any standard, order or regulation promulgated pursuant to such act, during the three-year period preceding the date of the Agreement, provided such violations were cited in accordance with the provisions of any state occupational safety and health act or the Occupational Safety and Health Act of 1970, and not abated within the time fixed by the citation and such citation has not been set aside following appeal to the appropriate agency or court having jurisdiction or (2) has not received one or more criminal convictions related to the injury or death of any employee in the three-year period preceding the date of the Agreement.

Consulting Agreements. Consultant hereby swears and attests as true to the best knowledge and belief that no consulting agreement, as defined in Conn. Gen. Stat. § 4a-81, has been entered into in connection with this Agreement. Contractor agrees to amend this representation if and when any consulting agreement is entered into during the term of the Contract. See Affidavit Regarding Consulting Agreements, attached.

15. Limitation on Recourse. All liabilities and obligations of Green Bank under this Agreement are subject and limited to the funding available under Connecticut law.

16. Available Funding. Green Bank shall not be obligated to provide payment or any portion of the payment under this Agreement if there are insufficient funds for such purpose because of any legislative or regulatory action expressly curtailing, reducing, or eliminating Green Bank funding.

17. Freedom of Information Act. Green Bank is a "public agency" for purposes of the Connecticut Freedom of Information Act ("FOIA"). This Agreement and information received pursuant to this Agreement will be considered public records and will be subject to disclosure under the FOIA, except for information falling within one of the exemptions in Conn. Gen. Stat. Sections § 1-210(b) and § 16-245n(d).

Because only the particular information falling within one of these exemptions can be withheld by Green Bank pursuant to an FOIA request, Consultant should specifically and in writing identify to Green Bank the information that Consultant claims to be exempt. Consultant should further provide a statement stating the basis for each claim of exemption. It will not be sufficient to state generally that the information is proprietary or confidential in nature and not, therefore, subject to release to third parties. A convincing explanation and rationale sufficient to justify each exemption consistent with General Statutes §1-210(b) and § 16-245n(d) must be provided.

Consultant acknowledges that (1) Green Bank has no obligation to notify Consultant of any FOIA request it receives, (2) Green Bank may disclose materials claimed by Consultant to be exempt if in its judgment such materials do not appear to fall within a statutory exemption, (3) Green Bank may in its discretion notify Consultant of FOIA requests and/or of complaints made to the Freedom of Information Commission concerning items for which an exemption has been claimed, but Green Bank has no obligation to initiate, prosecute, or defend any legal proceeding, or to seek to secure any protective order or other relief to prevent disclosure of any information pursuant to an FOIA request, (4) Consultant will have the burden of establishing the availability of any FOIA exemption in any such legal proceeding, and (5) in no event shall Green Bank or any of its officers, directors, or employees have any liability for the disclosure of documents or information in Green Bank's possession where Green Bank, or such officer, director, or employee, in good faith believes the disclosure to be required under the FOIA or other law.

18. Execution and Facsimile. This Agreement may be executed in any number of counterparts (including those delivered by facsimile or other electronic means), and each of such counterparts shall for all purposes be deemed to be an original; and all such counterparts, shall together constitute but one and the same agreement.

IN WITNESS WHEREOF, the Parties have executed this Agreement as of the day and year first above written.
