

RGM Upgrade Provider RFP: Q&A Session

June 11, 2021

Agenda Page

1. Introductions
2. Purpose of the RFP (CTGB panelists)
3. Submitted questions and answers (CTGB Panelists)
4. Discussion (Attendees and CTGB Panelists)
5. Contacts

Purposes of the RFP

- Cell carriers will be sunsetting 3G services
- CTGB is soliciting proposals for Providers to upgrade Revenue-Grade Meters (RGMs) to at least 4G service
- CTGB will only be upgrading meters at Solar Lease II (SL-2) and homeowner-purchased residential solar PV installations
- Provider(s) will need to arrange appointments with customers and furnish technical staff to upgrade meters
- Providers will need to coordinate with CTGB to verify that new meters are reporting properly to Locus Energy (now AlsoEnergy)

Submitted Question and Answer Session

- Discussion of written Questions submitted by attendees.

- CTGB to answer live questions from attendees

Thank you!
