# **ANNOUNCEMENTS**

- <u>Mute Microphone</u> in order to prevent background noise that disturbs the meeting, if you aren't talking, please mute your microphone or phone.
- <u>Chat Box</u> if you aren't being heard, please use the chat box or raise your hand to ask a question.
- Recording Meeting we will record and post the board meetings (<u>www.ctgreenbank.com/hydrogentaskforce</u>) and you can also access meeting dates and dial-in information through Secretary of State.
- <u>State Your Name</u> for those talking, please state your name for the record.

# Special Act 22-8 Task Force to Study Hydrogen Power

January 10, 2023 Online Meeting Connecticut Green Bank

#### Agenda

- Welcome and Introduction by the CT Green Bank 5 min
- Approval of Meeting Minutes of December 13, 2022 5 min
- Legislative Report Process and Next Steps 15 min
- Review and Discuss Task Force Resolution 25 min
- Reflection on the Task Force Process to Date 45 min
- Task Force Vote on Final Report 10 min
- Public Comments 15 min
- Adjourn

#### Welcome and Introduction by the Connecticut Green Bank

# Approval of Meeting Minutes of December 13, 2022

#### Legislative Report Process and Next Steps

#### Legislative Process

- General Assembly convened the 2023 Legislative Session on January 4, 2023 and will adjourn on June 7, 2023.
- Committee of Cognizance is the Energy & Technology Committee
- Co-chaired by Senator Norm Needleman (D-Essex) and Representative Jonathan Steinberg (D-Westport).
- The Task Force was initiated by former E&T Co-Chair, David Arconti (D-Danbury)
- Special Act 22-8 requires the Task Force to submit a report to the Energy & Technology Committee by January 15, 2023 to study hydrogen-fueled energy in the state's economy and energy infrastructure, including its findings and recommendations

#### Legislative Process – Next Steps

- Wide distribution of final product to Task Force Appointers/Ex Officio Members and individuals from appointed organizations of the task force.
- CGB/Task Force to meet with Energy & Technology Committee co-chairs to have a concept committee bill introduced to be the legislative vehicle for the Task Force's recommendations.
- CGB/Task Force to propose that an Informational Forum be held and sponsored by the Energy & Technology Committee membership. Presentation to be led by Strategen, CGB and heads of the 5 identified working groups to report findings, make recommendations and Q&A.

#### **Review and Discuss Task Force Resolution**

# Task Force Reflections Following Whereas and Resolved

This process that resulted in a robust and first-of-its-kind 130-page report for the legislature. The findings and conclusions of this report are going to provide **a model for other states to follow** and continue Connecticut's path on **leadership in the hydrogen and fuel cell space**.

Following an overview of the final resolution, we will request each Task Force member provide a reflection on their contribution to process as well as the findings and recommendations as reflected in the final report.

**WHEREAS,** on a nearly unanimous bipartisan basis the Connecticut General Assembly passed and Governor Lamont signed on May 23, 2022 Special Act 22-8 "An Act Establishing a Task Force to Study Hydrogen Power" ("the Act");

| Total Number Voting         | 144 |
|-----------------------------|-----|
| Necessary for Passage       | 73  |
| Those voting Yea            | 142 |
| Those voting Nay            | 2   |
| Those absent and not voting | 7   |

#### Roll Call - Senate (5/3/22)

| Total Number Voting         | 3 |
|-----------------------------|---|
| Necessary for Adoption      | 1 |
| Those voting Yea            | 3 |
| Those voting Nay            | 0 |
| Those absent and not voting | 1 |

#### Governor Signs (5/23/22)

WHEREAS, the Act requires appointments of sixteen members and five ex officio designations to the Task Force within 30 days of its signing, of which all appointments and ex officio designations were eventually filled except two appointees;

| Appointer              | Organization   | Name  | Area of Expertise  |
|------------------------|--|---|--|
| President Pro Tempore  | <ul> <li>Avangrid</li> <li>HyAxiom</li> <li>Conservation Law<br/>Foundation</li> </ul> | <ul><li>Enrique Bosch</li><li>Sridhar Kanuri</li><li>Shannon Laun</li></ul>   | <ul> <li>EDC (Electric – 17-)</li> <li>CT H2 Manufacturer</li> <li>ENGO (RE Advocate)</li> </ul>             |

## **Final Resolution** Overview of Whereas #2 (cont'd)

WHEREAS, the Act requires appointments of sixteen members and five ex officio designations to the Task Force within 30 days of its signing, of which all appointments and ex officio designations were eventually filled except two appointees;

| Appointer             | Organization  | Name            | Title              |
|-----------------------|---------------|-----------------|--------------------|
| Ex Officio            | DEEP          | Katie Dykes     | Commissioner       |
| Ex Officio            | PURA          | Marissa Gillett | Chair              |
| Ex Officio            | UCONN         | Radenka Maric   | President          |
| Ex Officio            | CCAT          | Joel Rinebold   | Director           |
| Ex Officio (Co-Chair) | CT Green Bank | Sara Harari     | Associate Director |
| Ex Officio (Chair)    | CT Green Bank | Bryan Garcia    | President and CEO  |

WHEREAS, the Act designates the President of the Connecticut Green Bank ("Green Bank") as the Chairperson, and requires the Chairperson to schedule and hold the first meeting of the Task Force within 60 days of its signing, which took place on July 12, 2022;

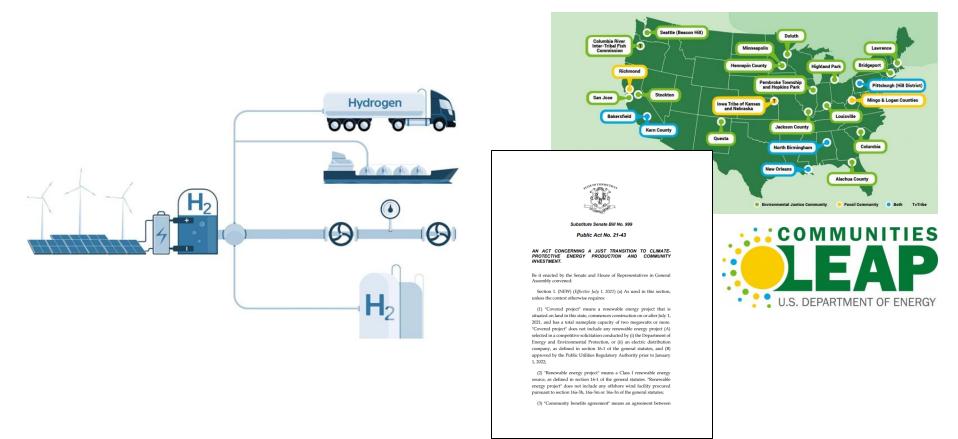

WHEREAS, the Act requires the Task Force to submit a report to the Energy and Technology Committee by January 15, 2023 to study hydrogen-fueled energy in the state's economy and energy infrastructure, including its findings and recommendations in the following seven areas:

- 1. Provide a review of regulations and legislation needed to guide the development and achievement of hydrogen economies of scale
- 2. Provide recommendations for workforce initiatives to prepare the state for hydrogenfueled energy-related jobs
- 3. Examine how to position the state to take advantage of competitive incentives and programs created by the federal Infrastructure Investment and Jobs Act
- 4. Identify funding and tax preferences for building hydrogen-fueled energy facilities at brownfield sites through the Targeted Brownfield Development Grant and Loan program.
- 5. Recommend funding sources for developing hydrogen-fueled energy programs and infrastructure.
- 6. Examine the sources of potential clean hydrogen, including, but not limited to, wind, solar, biogas and nuclear.
- 7. Recommend potential end uses of hydrogen-fueled energy.

WHEREAS, in addition to the areas identified within the Act, the Task Force also included infrastructure (i.e., transportation and storage), as well as environmental justice and just transition within its areas of study;

**WHEREAS,** to support the Task Force, the Green Bank issued a competitive Request for Proposals to identify a facilitator and technical assistance provider resulting in the contracting of Strategen Consulting ("Strategen");

# STRATEGEN

- Meeting logistics such as scheduling and recording meeting minutes.
- Coordination with Working Group Co-Chairs to develop meeting agendas which will be provided to participants a week before Working Group meetings.
- Technical assistance (including research), where appropriate, for the Working Groups and Task Force.

**WHEREAS,** to support the Task Force, in its efforts to delve further into the specific areas of analysis, five Working Groups were established and co-chaired by industry experts, as follows:

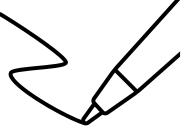

| Policy and<br>Workforce<br>Development   | Funding  | Hydrogen<br>Sources  | Hydrogen<br>Infrastructure   | Hydrogen<br>Uses  |
|--|--|--|--|---|
| Chaired by:<br>Commissioner<br>Katie Dykes,<br>DEEP<br>Chairman<br>Marissa Gillett,<br>PURA                              | Chaired by:<br>Commissioner<br>Katie Dykes,<br>DEEP<br>Commissioner<br>Alexandra Daum,<br>DECD                     | Chaired by:<br>Ugur<br>Pasaogullari,<br>UCONN<br>Kathy Ayers, Nel<br>Hydrogen      | Chaired by:<br>Adolfo Rivera,<br>Avangrid<br>Chris Capuano,<br>Nel   | Chaired By:<br>Joel Rinebold,<br>CCAT<br>Digaunto<br>Chatterjee,<br>Eversource<br>Frank Reynolds,<br>Avangrid |
| Will identify<br>legislation and<br>workforce<br>initiatives needed<br>to guide the<br>development of<br>clean hydrogen. | Will identify<br>funding sources<br>for developing<br>hydrogen-fueled<br>energy programs<br>and<br>infrastructure. | Will identify<br>potential sources<br>of clean<br>hydrogen and<br>relative merits. | Will identify<br>infrastructure<br>needed to<br>support scaled<br>and cost-effective<br>hydrogen<br>economy. | Will identify<br>potential and<br>priority end uses<br>for hydrogen.  |

WHEREAS, to support the open and transparent process of the Task Force, the Green Bank and Strategen established a regular meeting schedule of the Task Force and Working Groups, including, but not limited to, listing meeting agendas on the Secretary of State Public Meeting Calendar, Green Bank dedicated hydrogen webpage (<u>www.ctgreenbank.com/hydrogentaskforce</u>), recording and posting meetings with CT-N ("Connecticut Network"), posting meeting minutes and materials (including Spanish translation of certain materials), promoting meetings through various channels for public engagement, and hosting a public listening session and providing an opportunity for written public comments;

**Meetings** 

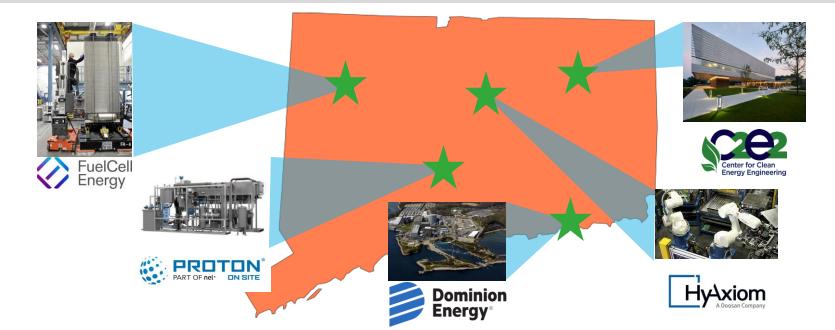

Written Comment Opportunity Publicly Available Materials

WHEREAS, with the objective to engage the Task Force, Working Groups, and other stakeholders, the Green Bank and Strategen hosted seven (7) Task Force and twenty (20) Working Group meetings open to the public online as well as in-person at various hydrogen and fuel cell locations around the state, including the University of Connecticut's Innovation Partnership Building in Storrs, Nel Hydrogen's electrolysis manufacturing plant in Wallingford, Fuel Cell Energy's stationary fuel cell manufacturing plant in Torrington, HyAxiom's stationary fuel cell manufacturing plant in South Windsor, and Dominion Energy's Millstone Nuclear Power Station in Waterford;

WHEREAS, with the objective to educate the Task Force, Working Groups, and other stakeholders, the Green Bank and Strategen included hydrogen and fuel cell experts from the Lawrence Berkeley National Laboratory and Sandia National Laboratory, and environmental justice and just transition professionals from the Greater Bridgeport Community Enterprises and Connecticut Roundtable on Climate and Jobs within the

process;

**Nick Connell** Policy Director, Green Hydrogen Coalition

Jonathan Lewis Director, Transportation Decarbonization Clean Air Task Force

**Kristin Hertz** Manager, Hydrogen and Materials Science, Sandia National Laboratory

Adrienne Farrar Houël President and CEO, Greater Bridgeport Community Enterprises

Ahmet Kusoglu Scientist, Lawrence Berkeley National Laboratory

**Aziz Dehkan** Executive Director, CT Roundtable on Climate and Jobs

## **Final Resolution** Overview of Resolved

**RESOLVED,** that the Task Force on January 10, 2023 [, in unanimous] approves the final study reasonably reflects the findings as identified, analyzed, and deliberated within the process and the diversity of stakeholder perspectives on the findings;

**RESOLVED**, that the Task Force on January 10, 2023 [, in unanimous] approves the final study reasonably reflects the recommendations as identified, analyzed, and provided by the Working Groups and deliberated by the Task Force within the process and the diversity of stakeholder perspectives on the recommendations;

**RESOLVED**, that the Green Bank shall submit the final study to the Energy and Technology Committee on January 15, 2023, whereby the Task Force shall simultaneously terminate its duties per the Act;

**RESOLVED**, that the Green Bank, in its role as Chairperson of the Task Force, respectfully requests that the Energy and Technology Committee Introduce a Committee Bill for debate called "Hydrogen Fueled Energy in Connecticut's Economy and Energy Infrastructure" within the 2023 legislative session to address the Legislative recommendations included in the Task Force report submitted by the Green Bank;

**RESOLVED**, that members of the Task Force and Strategen, will make themselves available, as appropriate, for hearings of the Energy and Technology Committee with respect to the proposed Committee Bill within the 2023 legislative session and request to make a formal presentation to the Energy and Technology Committee led by Strategen and supported by the Green Bank regarding the findings and recommendations of the Task Force.

#### Task Force Reflections ...then Motion to Approve Resolution

Given the intense effort of the Task Force and Working Groups over the past several months, we would like to take the opportunity for closing reflection.

Please reflect on your contributions to this process as well as the findings and recommendations as reflected in the final report.

We'd love to hear about how this process was able to acknowledge and incorporate unique perspectives of such a diverse set of participants.
