REQUEST FOR PROPOSALS FOR PAID MEDIA SERVICES

I. PURPOSE

The Connecticut Green Bank ("Green Bank") seeks proposals from vendors ("Contractor") for digital marketing, paid media services, search engine optimization, and content creation (animations, short videos, etc.) to support these paid efforts.

II. GREEN BANK BACKGROUND

The Green Bank was established by the Connecticut General Assembly in 2011 as the nation’s first state-level green bank and has since supported the creation of more than 26,000 green jobs in the state, while reducing the energy cost burden on over 66,000 families, businesses, and nonprofits.

The Green Bank’s vision is a planet protected by the love of humanity and its mission is to confront climate change by increasing and accelerating investment into Connecticut’s green economy to create more resilient, healthier, and equitable communities. This is accomplished by leveraging limited public resources to scale-up and mobilize private capital investment into Connecticut. To date, the Green Bank has mobilized nearly $2.5 billion into the State’s green economy. This has reduced the energy costs for thousands of families and businesses, and reduced greenhouse gas emissions that cause climate change and worsen public health.

In 2021, the Green Bank’s scope was expanded beyond green energy into environmental infrastructure, which includes subsectors such as agriculture, land conversation, parks and recreation, environmental markets, water, and waste and recycling.

The Green Bank develops and administers various financing, investment, and incentive programs for energy efficiency and renewable energy projects for residential, commercial, industrial, and institutional customers in Connecticut. These projects include, but are not limited to, energy upgrades such as weatherization, efficient lighting, appliances, HVAC systems, fuel conversion, solar photovoltaic systems, hot water systems, battery storage, and electric vehicle (EV) charging infrastructure. In addition, Green Bank engages with a network contractors, banks, credit unions and other capital providers to attract private financing and investment to help support its programs. For more information about the Connecticut Green Bank, please visit www.ctgreenbank.com.
III. **SCOPE OF SERVICES**

The Green Bank is seeking a contractor to manage our paid digital marketing and paid media strategy to support our existing brand as well as product-specific promotions in a manner that is consistent with our brand hierarchy. This hierarchy has been implemented on the Green Bank website, which was updated, redesigned, and relaunched in January 2023.

The selected contractor would be asked to work with Green Bank marketing team, graphic designer, and other vendors as necessary to create a comprehensive advertising calendar for digital/paid engagement inclusive of brand and program awareness for the fiscal year (July 1 through June 30). This would include general master brand awareness, as well as specific campaigns supporting the solutions lines (Home Solutions, Building Solutions, Investment Solutions, Contractor Solutions, and Community Solutions) and associated products, such as the Smart-E loan, C-PACE, solar power purchase agreement (PPA), Green Liberty investments, and Energy Storage Solutions. The calendar and plans would need to be flexible enough to allow for future program expansion, as the organization begins to support environmental infrastructure and/or other new offerings. Please visit our website [www.ctgreenbank.com](http://www.ctgreenbank.com) to understand the solutions lines and associated products.

We envision this work to include, but not necessarily limited to, the following:

- Development of a 12-18 month strategy and advertising calendar.
- Development of criteria for targeting key audiences and stakeholders at the brand, solution line, and product levels.
- Development and placement of digital media creative, such as:
  - Banner ads,
  - Pay per click ads,
  - SEM,
  - Social media advertisements,
  - Remarketing and web videos.
- Develop or advise on the development of landing page environments optimized for conversion.
- Ongoing evaluation, adjustment, and reporting of performance.
- SEO strategy and optimization.
- Non-digital media buying and placement to support calendar and/or specific campaigns (this could include radio, broadcast, OTT/streaming, out-of-home, and print media).

Additionally, the plan should include a separate strategy for the promotion of Energy Storage Solutions. This program is overseen by the Public Utilities Regulatory Authority (PURPA), is paid for by electric ratepayers, and is administered by the Green Bank, Eversource, and UI. Part of the Green Bank’s administration role includes marketing this incentive program which launched in 2022. This program was designed to promote the adoption of battery storage technology at homes and businesses by providing upfront and performance-based incentives that help lower the cost of purchasing. Energy Storage Solutions has its own branding, messaging, and budget separate from the Green Bank’s. More information about the program can be found at [www.energystoragect.com](http://www.energystoragect.com).

However, additions may be made where necessary for purposes of clarification or amplification. Please limit proposals to no more than ten (10) pages (work samples should be included in the proposal as links).

b. TECHNICAL REQUIREMENTS

All proposals which comply with submittal requirements will:

Please let us know if any services are outsourced versus completed in-house, or if you have partnerships that are relevant.

c. COST OF SERVICES

The Green Bank has not yet established a budget for this engagement for the next fiscal year. We anticipate using proposals submitted to help us determine our spend.
Cost estimates will be considered as “not to exceed” quotations, except to the extent that the assumed scope is changed by mutual agreement in writing. If Contractor has discounted rates for governmental entities such as Green Bank, then please provide such rates.

To help us evaluate proposals comparatively, please submit cost structure to include the following details:

Phase 1 – Kickoff and Discovery.
- We envision a kickoff and planning session where more details about the Green Bank, our programs, and previous strategies will be discussed.

Phase 2 – Strategic Planning and Calendar Creation

Green Bank intends to select one or more contractor from among those that submit proposals to this RFP to provide the above-stated categories of marketing services as requested by Green Bank for a period of up to three (3) years. Green Bank, however, will reserve the right to utilize the services or retain the services of any other contractors related to any ongoing Green Bank related matters in its sole discretion.

b. Green Bank reserves the right to reject any or all of the proposals received in response to the RFP, to waive irregularities or to cancel or modify the RFP in any way, and at any

d. Green Bank further reserves the right to make awards under this RFP without discussion of the proposals received. Proposals should be submitted on the most favorable terms from a technical, qualifications, and price standpoint. Green Bank reserves the right not to accept the lowest priced proposal.

e. Proposals must be signed by an authorized officer of the Contractor. Proposals must also provide name, title, address, and telephone number for individuals with authority to negotiate and contractually bind Contractor, and for those who may be contacted for the purpose of clarifying or supporting the information provided in the proposal.

f. Green Bank will not be responsible for any expenses incurred by any proposer in conjunction with the preparation or presentation of any proposal with respect to this RFP.

g. Green Bank’s selection of a Contractor through this RFP is not an offer and Green Bank reserves the right to continue negotiations with the selected Contractor until the parties reach a mutual agreement.
