CONNECTICUT GREEN BANK

REQUESTS FOR PROPOSALS FOR MODULE PROCUREMENT FOR SOLAR PROJECTS AT CONNECTICUT SITES

CT Green Bank
December 2025

I. PURPOSE

The Connecticut Green Bank ("Green Bank") is issuing this Request for Proposals ("RFP") to **solicit pricing and product information from qualified solar module providers** ("Respondents"). This solicitation plays a critical role in the Green Bank's efforts to deploy solar PV systems across state, municipal, multifamily, and private-sector facilities throughout the state of Connecticut, allowing for the Green Bank to safe harbor the Investment Tax Credit (ITC) for this pipeline of projects. **The Green Bank is also soliciting additional optional pricing information for equipment storage and/or domestic content equipment. Domestic content equipment is preferred.**

II. GREEN BANK BACKGROUND

The Green Bank is a quasi-public agency established by the Connecticut General Assembly on July 1, 2011 as a part of Public Act 11-80. As the nation's first full-scale green bank, it is leading the clean energy finance movement by leveraging public and private funds to scale-up renewable energy deployment and energy efficiency projects across Connecticut. For more information about the Connecticut Green Bank, please visit www.ctgreenbank.com.

III. SCOPE OF PROCUREMENT

Respondents may propose any commercially available PV modules they manufacture, distribute, or source. All required information for this procurement is listed in **Section IV** below and can be provided through the Pricing Exhibit A or in a format preferable to Respondents. The Green Bank may request clarification or additional information at any time during the evaluation process. If a product is not on our Approved Vendor List, Exhibit B, Green Bank may request additional information.

This procurement is soliciting pricing and product information for approximately twenty (20) megawatts (MWdc) of PV modules for projects in the Green Bank's current pipeline. The table below categorizes the pipeline into three Form-Factor

Groups and provides approximate module dimensions. Respondents shall price modules in the three Form-Factor Groups below. Quantities are planned estimates and may shift prior to award.

Rounded Program Mix by Group (20 MWdc basis)

Form-Factor Groups	Reference Wattage Class (proxy for size)	Round MWdc
Group A: ~**1750×1135 mm**	~400-500 W	~10.5
Group B:~**2100×1135 mm**	~500-600 W	~8
Group C: ~**2350×(1135–1305) mm**	~600+ W	~1.5
Total Pipeline		**~20**

Detailed project- and site-level pipeline information (including anticipated delivery windows and allocations by group) can be made available under NDA to shortlisted vendors during the final evaluation phase upon request.

Green Bank will select one or multiple responses to satisfy the procurement need.
